As the birthplace of Lufkin Industries, Temple Inland (now owned by Georgia-Pacific), Brookshire Brothers and Atkinson Candy, Lufkin and Angelina County have a long history of taking companies from infancy and helping them grow to prominent leaders in their industry. Today, companies that started relatively small in our area have become the anchors of the economy and are continuing to grow and prosper. Lufkin is the largest community between Houston and Tyler, and it serves a large population from surrounding counties for jobs, education, entertainment and retail shopping. These combined services create a daytime population estimated at more than 100,000 and a service sector to support this size community.

Lufkin and Angelina County have an abundance of natural resources that include pine trees, hardwoods, natural gas, oil and water. According to the Texas Water Development Board, “Water rights are the most sought after commodity in our country today - especially in Texas where the population is expected to double by 2060.” The City of Lufkin owns water rights to more than 63,000 acre feet of surface water and is able to provide both treated and untreated water for business and industry.

Industrial businesses looking to move or open a new location may be interested in the Lufkin Business Park. This area is 156 acres of prime industrial land located at the intersection of State Hwy. 103 East and Loop 287 in Lufkin and within 1 mile of State Hwy 59 and 2 miles of State Hwy 69.

Services are also provided for businesses that are looking to host large-scale events or conventions. Lufkin Pitser Garrison Convention Center provides a meeting place for a variety of gatherings. The facility offers a wide variety of setup choices including seating for up to 2,000 people. Also, the George H. Henderson, Jr. Exposition Center is a popular venue for large events. Known as one of the largest clear span indoor arenas in the nation, the George H. Henderson, Jr. Exposition Center has the ability to seat up to 10,000 people.

For more information about assistance with conventions, contact the Lufkin Convention and Visitor’s Bureau (936) 633-0349.

Getting businesses established in the area is the mission of the Lufkin Economic Development Corporation. The team stands ready to assist companies with retention and expansion needs. Lufkin and Angelina County have a committed team of leaders, from the 4B Corporation to the Lufkin/Angelina Economic Development Partnership, and other stakeholder groups that all work together to help local companies continue to grow their assets and employ the quality workforce that’s proven here in the heart of East Texas. These key community leaders have passed a comprehensive incentive program in conjunction with State and Federal agencies to provide a positive business environment for new and expanding businesses in an effort to encourage positive investment and job creation. These local incentive policies are favorable to current industries looking to expand.

For the third consecutive year, St. Luke’s Health-Memorial Lufkin has achieved the highest level of excellence bestowed by the American College of Cardiology – the HeartCARE Center National Distinction of Excellence designation - marking a momentous milestone for healthcare in this region. St. Luke’s Health Memorial also houses the highest accredited Chest Pain Center in deep East Texas.

Cancer has not stopped due to COVID-19 and neither has our fight against it. Thanks to the team at the Temple Cancer Center, East Texans can receive treatment for 99 percent of all cancers right here at home where leading edge technology and treatments set the standard for care.

St. Luke’s Health-Memorial continues to play a major role in supporting Lufkin as a regional hub for healthcare. “We take great measures to provide the highest quality, affordable, comprehensive, evidence-based care right here at home,” according to Monte Bostwick, President and CEO of St. Luke’s Health-Memorial.

For over 70 years, St. Luke’s Health-Memorial has earned a reputation for providing the highest level of care in a kind, professional and compassionate environment.

As part of one of the largest health systems in the nation, St. Luke’s Health-Memorial benefits from ties to the St. Luke’s Health system in Houston, Baylor College of Medicine, Texas Heart Institute and Texas Children’s Hospital. This affiliation enhances the organization’s ability to create a stronger health care community as well as introduce innovative technology and additional resources to the people of East Texas.

With facilities in Lufkin, Livingston, and San Augustine, St. Luke’s Health-Memorial provides more than a quarter of a million patient services each year. The organization also contributes millions of dollars in charity care and local support each year. The nearly 40 Memorial Clinic physicians, physician assistants and nurse practitioners located throughout East Texas pride themselves on delivering exceptional health care in state-of-the-art facilities that offer the latest in technology and patient comfort.

STUBBLEFIELD LEARNING CENTER

Beth and Horace Stubblefield Learning Center is an accredited non-traditional high school focusing on dropout recovery and prevention. In 1996, their participating districts (Central, Diboll, Hudson, Lufkin and Zavalla) and the Lufkin/Angelina County Chamber of Commerce formed a cooperative that created a self-paced environment for retaining and educating students. This partnership allows struggling students between the ages of 16 and 21 who are no longer in school, are credit deficient and/or are in danger of dropping out, an opportunity to earn a high school diploma from their home district. The program allows students to have a flexible schedule which provides the possibility to work on the high school curriculum at their own pace. The academic program also offers adult students (21 and over) who qualify, an opportunity to attain a high school diploma from the district in which they live. Community leaders, educators, local businesses, organizations and foundations continue to work together to maintain a program that gives our “at-risk” students a second chance to gain skills and knowledge that qualifies them for employment, further education and/or career advancement.

The Lufkin Azalea Trail is a 1.9 mile nature trail that runs from Grace Dunne Richardson Park to Kiwanis Park. The trail is limited to pedestrian and bicycle traffic and has an improved surface. The trail offers benches for enjoying nature along the way. There are scores of native plants to enjoy and there are small gardens of Azaleas and ornamental grasses that have been planted and are maintained by the City of Lufkin Parks and Recreation Department. The trail has security lighting along its entire length and there are call boxes located at strategic points along the trail for any emergencies.

Sawmill Hiking Trail
The Sawmill Hiking Trail is a 2.2 mile one way hike in the Angelina National Forest that begins at Boykin Springs Campground and ends at the Old Aldridge Sawmill Site. The trail follows a spring-fed creek that has a continuous flow of water which provides a serene atmosphere. This trail even passes through the Neches River bottom along an old tramway that was used until the 1920s to haul logs to the sawmill. Hikers will enjoy a beautiful bottomland hardwood landscape that is rich with history, wildlife and bird species.

Urban Wildscape Trail
The Urban Wildscape Trail is located within the City of Lufkin; the trail takes you through 3.5 acres of mixed pine-hardwood forest common in East Texas. Native species are identified along the trail and an interpretive brochure which points out the historic significance of tree species along the way is available inside the Texas Forestry Museum.

Dog Park
Lufkin’s dog park opened in May 2015 at Grace-Dunne Richardson Park off S. John Redditt Drive near Matt Drive. The area has 2 fenced sections: one for small dogs under 25 lbs. and one for large dogs over 25 lbs. to run and play OFF-LEASH. Dogs on leashes can be defensive but when off-
leash in the park, they play like children. There is playground equipment for dogs to have a barking good time and plenty of room for them to run and play. Water fountains are provided for the pups and their owners to quench their thirst, as well as benches and waste stations for the dog owners. The park is maintained by the City of Lufkin Parks and Recreation.

Owners should ensure their dogs are current on all vaccinations and females should not be in heat. No food or drinks are allowed in the Dog Park area. Hours are sunrise to sunset. Leadership Lufkin 2014-2015 made this asset a reality with the help of many sponsors and the City of Lufkin.

LAKE ACCESS
Cassels-Boykin Park
Cassels-Boykin Park is located in the midlake area of Lake Sam Rayburn. Located near Zavalla, the park is owned by the Army Corps of Engineers, but is on long-term lease to Angelina County. The park has 16 campsites with water and electricity. There are restrooms in the park and a trailer dump station. Nine boat ramp lanes are available for the public. This area is known as one of the best locations in Texas for Largemouth Bass due to its flooded timber, lily pads, channels, drop offs and lots of hydrilla. Additional amenities include a handicap accessible fishing pier, boat ramp, courtesy dock, one trailer dump station, and the Dr. Bill and Emily Shelton Pavilion, which hosts many weddings and gatherings.

Hanks Creek Park
Hanks Creek Park, operated by the Corp of Engineers is located on the northwest shore of Sam Rayburn Reservoir. The park contains forty-three campsites with 30 amp electrical service and water hookups and six campsites with 50 amp electrical service and water hookups. New to the park are eight Screened Shelters with adjacent RV sites with water and 50 amp hookups. The park also features a Group Camping Area with five RV sites combined with an open Group Shelter.

Kurth Reservoir
Kurth Lake is a small 560 acre reservoir located six miles north of Lufkin off of Highway 59. The lake is now owned by City of Lufkin and is open to the public with an annual permit. There is an annual access fee available for purchase at City Hall.

leadership.

Growing leaders across companies, careers and communities in Angelina County through the Chamber’s leadership programs. The programs support the development of community leaders in Deep East Texas. Participants will increase their knowledge of Angelina County while experiencing community engagement and leadership through service opportunities.
If I could use one word to describe Leadership Lufkin, it would be connection. Throughout the nine-month program, Leadership Lufkin gives you unique opportunities to connect to your classmates, to other Chamber Investors, to local business leaders, to nonprofit organizations and to the community. These connections are invaluable as we work together to strengthen our community.

Kate Rudasill
Co-Chairman of Leadership Lufkin

Leading Edge is a fellowship, empowering early to mid-career professionals for lifelong community engagement and leadership through service on nonprofit boards launching in 2021.

What differentiates this group from others is its demonstrated commitment to mentorship.

Each Leading Edge member is paired with an accomplished senior executive who can help them navigate the road ahead with valuable insight and experience.

Through these key tenets of knowledge and connections, the Leading Edge thrives on a desire to enrich the Lufkin community while simultaneously propelling their own careers.

The program also includes a board governance leadership training segment within each session, facilitated by the Angelina College Center for Nonprofit Leadership, and culminates at the celebratory graduation. Graduates will also obtain a certificate in Board Governance from Angelina College and the opportunity to be placed into a board bank.

The class brings together parents, sponsors, local businesses, and school administrators with Chairman Steve Killam to make the program a success. The class will make new friends and contacts and acquire leadership and team building skills as they learn in depth about the community and their role in it.

Leadership Tomorrow, hosted by the Chamber, was designed for Angelina County high school juniors and mirrors the Leadership Lufkin program. Students in the program have the opportunity to learn about Angelina County first hand, to explore possible career opportunities that exist in this area and give back to the community through three or more service projects.
